# More than **50 years** of health nutrition

Since 1965, we have dedicated all our expertise and passion to develop innovative food and guarantee well-being and happiness for cats and dogs.

Our Pro-Nutrition pet food contains high quality ingredients which are carefully selected from nature, to provide cats and dogs with complete and balanced meals.

## 40 Essential nutrients

Our nutritionists select a large number of ingredients, specially selected for their beneficial properties on the global animal health (apple fibres, fructo-oligosaccharides, linseed, vitamins, minerals,...), to bring the 40 nutrients to cats and dogs which are essential to their nutritional balance.

At Pro-Nutrition, we believe that dogs and cats make us happy every day.

Our mission: to help you take care of your companion, to give him all the love he gives you at every stage of his life.

A French company on a human scale, expert in nutrition since 1965, we manufacture 100% of our products in our factory based in Brittany.

Our raw materials come mainly from the western part of France.

A range of foods of very high nutritional quality, for a happy and healthy animal!

Recipes formulated to meet the physiological needs of your pet, adapted to its age and size.

**Extremely palatable, these food guarantees a moment of real enjoyment with every meal.**

## The aims of our **new range** design

### Boost emotional resonance ...

- 🐾 Strengthen the scope and values of our brands
